

2023 Pesticide CEU/CCA Credit Instructions

A Simple 2-Step Process:

The Southeast Regional Fruit and Vegetable Conference is pleased to offer Pesticide CEU's and CCA from 12 different states. The instructions that follow will help you understand how to request CEU/CCA credits from your state.

For questions about CEU's, contact SE Regional staff at the Georgia Fruit and Vegetable Growers Association office, (706) 845-8200.

Pesticide CEUs will only be available during the live, in-person Conference.

Visit www.seregionalconference.org for complete details about the 2023 Southeast Regional Fruit and Vegetable Conference.

Pesticide CEU/CCA Summary

THE PESTICIDE CEU/CCA APPLICATION PROCESS IS A SIMPLE, 2-STEP PROCESS:

1. FILL OUT THE CEU/CCA APPLICATION FORM, ONE TIME.

All attendees applying for CEU/CCA credits are required to complete the CEU Application Form. This only needs to be filled out ONE TIME. To complete the form, scan the QR code to the right using the camera on your smartphone or visit <https://www.surveymonkey.com/r/23SERegCEUApp>. This form collects additional information required by each of the CEU providers.

QR CODE FOR THE
CEU APPLICATION FORM:

2. BADGE SCAN-IN.

As attendees enter an educational room, a volunteer will scan the name badge to “check in” the attendee for that educational session. This will be the method by which you will sign up for CEU/CCA credits. There will not be a paper sign in sheet or roster this year. This has been approved by all CEU/CCA providers.

FOR QUESTIONS, SEE SE REGIONAL STAFF AT THE EDUCATION/CEU OFFICE ACROSS FROM THE AUDITORIUM.

THE FOLLOWING IS AN OVERVIEW OF EACH CEU/CCA CREDIT PROVIDER:

CCA – See the PESTICIDE CREDITS pages for approved educational sessions.

ALABAMA – Applicants must attend a minimum of four hours' worth of approved presentations to be awarded CEU credits. For a full list of presentations that have been approved, visit the Education Office.

FLORIDA – See the PESTICIDE CREDITS pages for approved educational sessions.

GEORGIA – Credits are issued as follows:

One educational session for one day only = 2 credit hours

Two educational sessions for one day only = 3 credit hours

Four educational sessions in two days (ex. 2 morning sessions and 2 afternoon sessions) = 6 credit hours

One educational session on each of the three days = 6 credit hours

INDIANA – See the PESTICIDE CREDITS pages for approved educational sessions. Credits are based on attending entire day commodity conference, not per session. Partial credit may be awarded based on per session attendance. This will be determined by Indiana Dept of Ag after the Conference.

MICHIGAN – Credits will be awarded after the Conference at the discretion of Michigan Dept of Agriculture and Rural Development.

NEW JERSEY – See the PESTICIDE CREDITS pages for approved educational sessions. Credits are based on attending entire day commodity conference, not per session.

NORTH CAROLINA – Applicants must attend approved presentations to be awarded CEU credits. For a full list of presentations that have been approved, visit the Education Office.

SOUTH CAROLINA – See the PESTICIDE CREDITS pages for approved educational sessions.

TENNESSEE – See the PESTICIDE CREDITS pages for approved educational sessions.

TEXAS – See the PESTICIDE CREDITS pages for approved educational sessions.

VIRGINIA – Credits will be awarded for at least four hours of approved presentations. The applicator should understand that credit is only awarded for sessions related to the use of pesticides in the production of ag crops, on grasslands, and non-crop agricultural land; not pertaining to business practices, etc.
