

# 2025 Pesticide CEU/CCA Summary Page

## THE PESTICIDE CEU/CCA APPLICATION PROCESS IS A SIMPLE, 1-STEP PROCESS:

### BADGE SCAN-IN.

As attendees enter an educational room, they will scan their name badge to “check in” for that educational session. This will be the method by which you will sign up for CEU/CCA credits. There will not be a paper sign in sheet or roster this year. This has been approved by all CEU/CCA providers.

**For questions, see SE Regional staff at the Education/CEU Office across from the Auditorium.**

The applicator should understand that credit is only awarded for sessions related to the use of pesticides in the production of ag crops, grasslands, and non-crop agricultural land; not pertaining to business practices, etc.

## THE FOLLOWING IS AN OVERVIEW OF EACH CEU/CCA CREDIT PROVIDER:

**CCA** – See the PESTICIDE CREDITS pages for approved educational sessions.

**FLORIDA** – See the PESTICIDE CREDITS pages for approved educational sessions.

**GEORGIA** – Private Credit Hours for Category 10: 1 hour is equivalent to 1 credit.

The max per day is 5 credits even if more than 5 hours of education are attended per day.

**MICHIGAN** – Credits will be determined and awarded by MI Dept of Agriculture & Rural Development after the Conference.

**NEW JERSEY** – See the PESTICIDE CREDITS pages for approved educational sessions. Credits are based on attending an entire day commodity conference, not per session.

**NORTH CAROLINA** – Credits will be awarded after the Conference on a case by case basis and at the discretion of NC Dept of Ag & Consumer Services. Attendees must sign in to each session. Attendees should understand credit is only awarded for sessions related to the use of pesticides in the production of ag crops, grasslands, and non-crop agricultural land; not pertaining to business practices, marketing, etc.

**SOUTH CAROLINA** – See the PESTICIDE CREDITS pages for approved educational sessions.

**TENNESSEE** – See the PESTICIDE CREDITS pages for approved educational sessions.
